

VALERIANI KHMALADZE

LINUX USER / BUG BOUNTY HUNTER

Experience

- | | |
|-------------|---|
| 2021 - 2022 | SkillWill
Tutor & Project Manager, Tbilisi
Tutored students in backend development, helping them grasp complex concepts and complete their projects with engaging materials. |
| 2022 - 2024 | Upwork
Worked on web and Linux projects, assisting clients with website development, server management, and system administration. |

Education

- | | |
|----------------|---|
| 2020 - 2021 | Web Development
SkillWill, Tbilisi
Completed a certification in Web Development with a focus on backend technologies at skilwill. |
| 2022 - 2023 | Computer Science
berlin 42, berlin
Attended an intensive coding bootcamp (Piscine) at 42 Berlin, collaborating with peers on programming projects and enhancing my skills. |
| 2024 - Present | HackTheBox
Currently enjoying my time on Hack The Box, where I'm learning about bug bounty hunting. |
